

RED SAVANNAH

E-BIKING SERIES | CASTELLINA-IN-CHIANTI

CONTENTS

E-BIKING

Exclusively available to guests at Red Savannah Villas, this exceptional series of guide-led biking tours reveal up close the unparalleled beauty of Tuscany, its history, and its people. The carefully crafted tours provide a wonderful introduction to the region, following safe and scenic circular routes, all on electric-powered bicycles ready to take the strain.

The itineraries focus on central Tuscany and the idyllic Chianti region, exploring traditional villages and world-class vineyards, with pauses to meet local artisans, explore historic sites and dine in beautiful settings along the way.

The tours are designed for the moderately active, and provide plenty opportunity to explore at a comfortable, relaxing pace. Starting and finishing at a designated meeting point, a knowledgeable and friendly private guide leads the way, providing assistance if required, as well as local insight to the landscapes and treasures along the way.

Entirely private to the group, Red Savannah's e-bike tours are perfect for adults as well as children. Equipment is provided to suit all ages and sizes, including state-of-the-art electric bikes, safety helmets, an on-call recovery van and insurance.

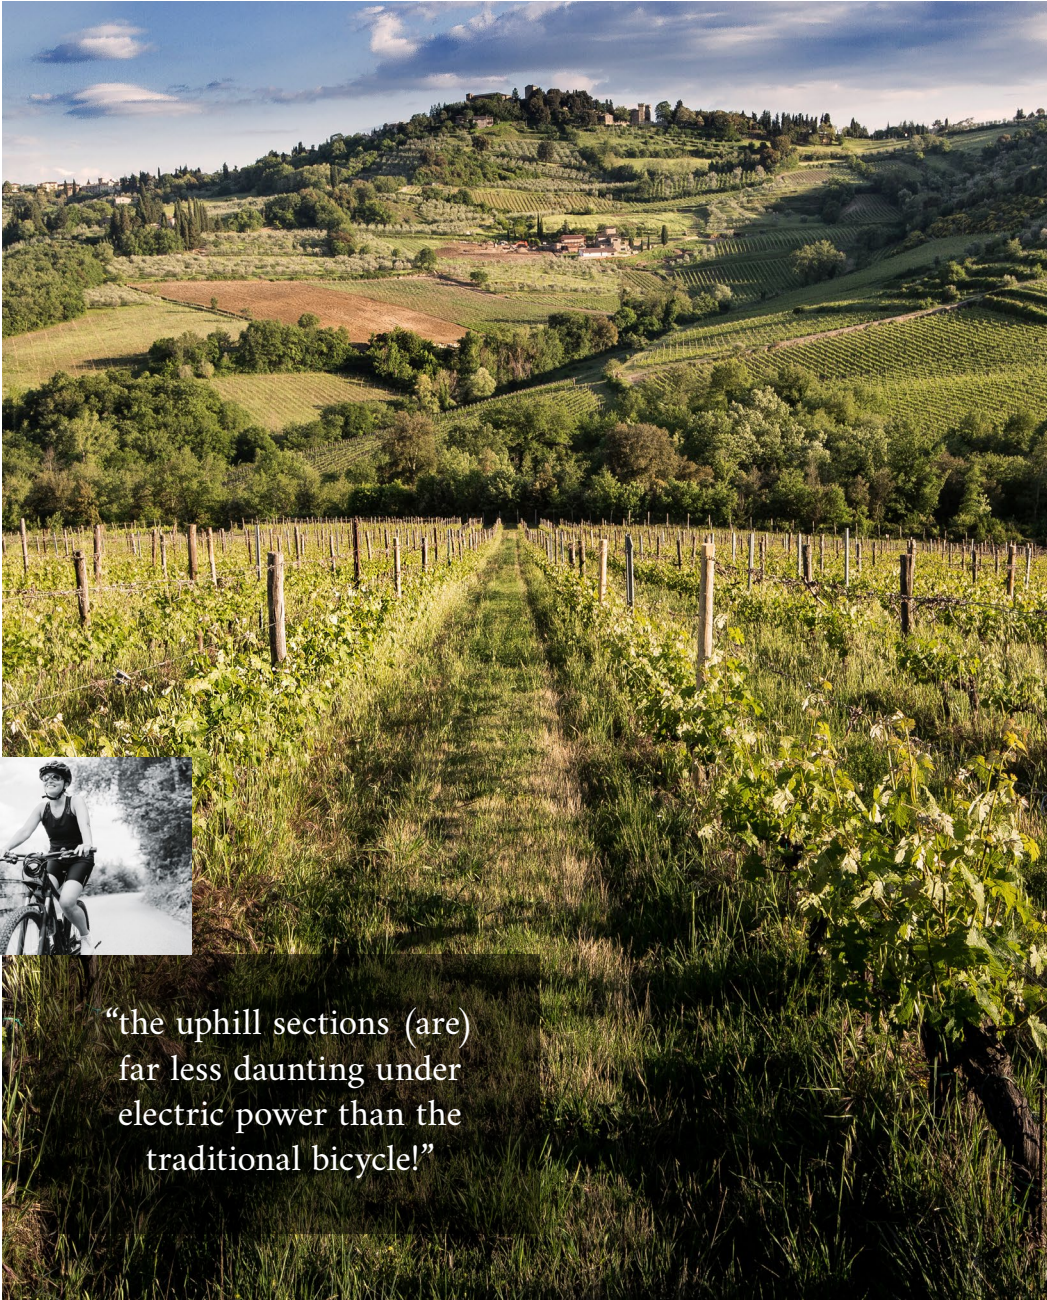

“this pretty hill-top village is a maze of cobbled streets, artisan shops and cafés”

The village of Castellina-in-Chianti is quintessential Tuscany. Dating back to the Etruscan period, this pretty hill-top village is a maze of cobbled streets, artisan shops and cafés, and the starting point for this tour.

Leaving Castellina, the route is quickly enveloped in idyllic Tuscan countryside, passing through the leafy vineyards and traditional villages of the Chianti Classico. These include Lilliano, a beautiful hamlet and one of the oldest wine estates in Tuscany, with its origins in the Renaissance.

The road onward towards lunch passes through woodland and olive orchard, culminating at Setriolo, a small but excellent wine domain owned and managed by the Soderi family since the 19th century.

“the uphill sections (are) far less daunting under electric power than the traditional bicycle!”

Susanna Soderi will share her family's fascinating history, as well as her passion for winemaking, including a tour of the historic cellars, perhaps dusting off a few bottles to enjoy together over a delicious lunch, served under the shade on the terrace.

After a leisurely meal, the journey resumes along a winding route back to Castellina-in-Chianti, the uphill sections far less daunting under electric power than the traditional bicycle! Follow your guide through sleepy hamlets and farmsteads, with one final deviation before journey's end, to the celebrated Gelateria di Castellina, considered by many to make the best ice cream in Italy.

CASTELLINA IN CHIANTI E-BIKE ROUTE

CASTELLINA-IN-CHIANTI TOUR DETAILS

Meeting point:	Castellina in Chianti
Distance:	26km
Duration:	5 hours (including lunch and stops)
